APPENDIX I.

REVISED MEMORANDUM AND RULES RELATING TO ANTI-RABIC TREATMENT.

Memorandum of information for the guidance of patients desiring to undergo anti-rabic treatment.

Patients whom bitten by an animal which has since disappeared or been killed, should, if rabies was suspected, immediately undergo anti rabic treatment. In other cases they are advised to consider the following points before deciding to undergo treatment:—

(i) A rabid animal may be furious or it may be paralysed.

(ii) An animal may be rabid without being afraid of water.

(iii) An animal is never infective more than ten days before it becomes rabid.

(iv) Treatment is only necessary in the case of bites which have broken the skin, or when the saliva has come in contact with a fresh abrasion.

(v) The risk of infection has become very small two months after the person has been bitten.

(vi) Never kill the animal until certain that it is rabid, but now it is impossible for it to bite anyone else; if it lives for ten days after biting anyone, treatment is not necessary.

(vii) If a dog is suspected to be rabid, do not wait until the brain has been examined, as a negative result of the examination is inconclusive.

(viii) Whether the dog is suspected to be rabid or not as soon as possible after the bite, the wound should be well washed, dried, and then thoroughly cauterised. The best agent to employ is pure carbolic acid because it penetrates well, quickly destroys the virus, and being a local anæsthetic, only causes a temporary smarting of the wound. If pure carbolic acid cannot be obtained, permanganate of potash (crystals or a saturated solution), pure nitric acid, silver nitrate, etc., will do, but they are not as efficient as pure carbolic acid. The sooner the cauterisation is performed after the bite, the more likely is it to be effective.

2. After it has been decided to undergo a course of treatment, no time should be lost in procuring it at the nearest or most easily accessible treatment centre.

3. Anti-rabic treatment is available at the Pasteur Institute, Coonoor, the General Hospital, Madras, all District Headquarter hospitals (except the hospital at Ootacamund), the Lawrence Memorial Royal Military School, Lovedale, and the hospitals at the following places:—

Arcot North—Tiruvannamalai, Gudiyattam and Tirupattur.
Chittoor—Tirupati and Madanapalle.
Coimbatore—Erode, Gobichettipalayam, Pollachi, Kollegal, Dharapuram and Tirupur.

Guntur—Ongole, Narasaraopet and Tenali.
Kanara, South—Udipi, Coondapoor, Kasaragod and Puttur.

Salem—Krishnagiri and Namakkal.
Tanjore—Negapatam.

Vizagapatam—Parvatipuram.

4. Those who desire to proceed to the Pasteur Institute, Coonoor, or to any of the Mission hospitals for anti-rabic treatment may do so at their own expense.

5. All treatment at the Pasteur Institute is free, but patients in a position to do so are expected to contribute something towards its upkeep. The course of treatment lasts fourteen days and patients are not laid up, but can go about as usual, having regard to the rules of life recommended.

6. *Information for those who proceed to Coonoor.*—(a) Coonoor is situated on the Nilgiri Hills about 6,000 feet above sea level and can be reached by the Nilgiri Railway from Mettupalayam in about three hours.

(b) Mettupalayam is on the south-west branch of the South Indian Railway and is easily accessible from all parts of Southern India. The Institute is about a mile from the Coonoor Railway station.

(c) *Climate.*—The temperature of Coonoor ranges between 60° F and 75° F from March to September and between 40° F and 60° F from October to February.

(d) The rainfall is about 70 inches, the greater part being received during the north-east monsoon in October, November and December.

(e) Persons coming from the plains require fairly warm, but not heavy clothing and bedding. Indigent Indian patients will be supplied with Blankets.

(f) *Accommodation.*—There are several hotels and boarding houses which are open all the year round and also a residential club.

(g) Europeans and Anglo-Indians are not accommodated at the Institute, but must make their own arrangements for board and lodging, about which there is no difficulty. Persons who cannot afford hotel rates can find inexpensive lodgings in the town within three-quarters of a mile from the Institute.

(h) Well-to-do Indians can find houses in convenient situations, and others can arrange for lodgings and meals in the town. Four quarters are provided in the Institute compound for patients who can afford to pay the rent of 12 annas per day. Indigent patients are accommodated in the free quarters in the Institute compound and will be provided with blankets and cooking pots.

(i) British soldiers and their families stay in the sanatorium at Wellington and are sent daily to the Institute in a tonga.

(j) Soldiers of Indian Regiments will be accommodated in the quarters in the Institute compound built for them by the Military department.

7. All persons who cannot afford to go to Coonoor and all indigent persons may obtain anti-rabic treatment at any of the other treatment centres provided by Government which is most convenient to them—vide paragraph 3. Treatment at these centres is free only to indigent persons, that is, persons whose pay or income does not exceed Rs 50 per mensem, to all Government servants and to families of Government servants on a pay of not more than Rs. 100 per mensem. All others will be charged Rs 6 for the course of treatment and in addition, the charges incurred on account of any telegram sent to the Pasteur Institute, Coonoor, for vaccine for their treatment; if they are admitted as in-patients the usual nursing and dieting charges will be levied in addition.

NOTE.—In the case of military patients and their families who are entitled to free medical treatment at the expense of the Defence Services Estimates as defined in regulations for the Medical Services of the Army in India, bills on account of anti-rabic treatment rendered and vaccine supplied to them during each month together with particulars of such patients or their families, should be forwarded by officers in charge of Government and rabic treatment centres to the Officer Commanding Military Hospital concerned, who will certify on the bills that their relate to patients entitled to free anti-rabic treatment, and the certified bill will be returned to the officer in charge of the treatment centre concerned, who will arrange with his Accounts Officer to raise the necessary book debit against the Controller of Military Accounts concerned. In the case of non-Government anti-rabic treatment centres, the Officer Commanding, Military Hospital, will countersign the bill and forward it to the Controller of Military Accounts concerned for payment and adjustment against the grant affected.

The expenditure incurred is debitable to Head "24. Medical Services (a) (2) Miscellaneous and incidental expenses" of the Defence Services Estimates."

8. Patients who are sent to the Institute or other treatment centre by or at the expense of private employers, friends or other private persons or associations should be provided by them with the cost of thier return journey and also with sufficient money to pay for their food during the course of treatment, which lasts fourteen days. If desired, money for these purposes may be sent to the Director of the Institute or the medical officer in charge of the treatment centre, and this course is strongly recommended in the case of menial servants and illiterate or other irresponsible people.

APPENDIX II.

RULES FOR THE GRANT OF CONCESSIONS TO GOVERNMENT SERVANTS AND INDIGENT PERSONS NOT EMPLOYED IN THE PUBLIC SERVICE TO ENABLE THEM WHEN BITTEN BY RABID ANIMALS, TO PROCEED TO THE PASTEUR INSTITUTE AT COONOOR OR ANY OTHER TREATMENT CENTRE PROVIDED BY THE GOVERNMENT.

I.—Concessions to Government servants.

'Government servant' in these rules means a Government servant, whether temporary, officiating or permanent, paid from Provincial Revenues or from Port and Marine funds administered by Government and includes a member of the work-charged establishment of the Public Works Department or of piece-work or day-extra establishment in the Government Presses but does not include a Government servant on foreign service or in municipal or local fund service; it also includes a Government servant whose pay is debitable to Central Revenues if he is under the administrative control of the Local Government acting as the Agent of the Governor-General in Council.

2 Government servants when bitten by rabid animals may proceed for anti-rabic treatment either to the Pasteur Institute, Coonoor, or to any of the other treatment centres other than Mission hospitals, provided by the Government whichever is nearest to them.

In the Nilgiris district, treatment is ordinarily undertaken at the Pasteur Institute, Coonoor.

3. Any Government servant who has difficulty in finding at once the means to enable him to proceed to the Pasteur Institute, Coonoor, or any other centre for anti-rabic treatment that is nearest and whose pay does not exceed Rs. 500 a month, may be granted

(i) an advance not exceeding his actual travelling expenses to and from the place to which he is proceeding for anti-rabic treatment, viz., (a) a single fare each way by railway of the class by which he is entitled to travel on duty, (b) for journeys by road or river the actual cost of transit, not exceeding the amount admissible under the rules. The expenses for the return journey should be paid to the patient after the treatment is finished, by the Treasury Officer of the station on production of a discharge certificate from the medical officer in charge of the inoculation centre where he was treated,

(ii) an advance of one month's pay, and

(iii) casual leave for fifteen days if he is employed in a place which is a treatment centre and casual leave for fifteen days plus the time required to go to and return from the nearest treatment centre, if he is employed in a place which is not a treatment centre, provided that if the absence of such Government servant makes it necessary for a substitute to be appointed during this period, the period of absence may under the orders of the Government, be treated as extra leave on full average pay not debitable to his leave account and not as casual leave. Any further leave required should be leave on full or half average pay, as the case may be, debitable to his leave account.

NOTES.—1. The words 'does not exceed Rs. 500 a month' occurring in this rule and the word 'pay' occurring in the first subsequent rules should be interpreted as referring to substantive pay as defined in rule 9 (23) of the Fundamental Rules.

In the case of a Government servant without a lien on a permanent post, pay actually drawn may be taken as substantive pay.

In the case of a piece-worker employed in the Government Press, Madras, and its branches, 'pay' will mean pay calculated at class rates and in the case of day-extra establishments pay calculated at the rate fixed for them

2. The grant to inferior servants of extra leave on full average pay contemplated in this rule is not subject to the usual condition that there should be no extra expense to the Government.

3. The maximum leave admissible to a member of the work-charged establishment of the Public Works Department or of piece-work or day-extra establishment in the Government Presses in whom the concession is extended, will be casual leave for fifteen days if he is employed in a place where the anti-rabic treatment is available and casual leave for fifteen days plus the time required to go to and return from the nearest treatment centre if he is employed in a place where such treatment is not available provided that if a substitute is appointed, the whole period of the leave will be treated as leave without allowances. Any further leave required will also be treated as leave without allowances.

4 In the case of Government servants whose pay does not exceed Rs. 50 per mensem the recovery of the amounts advanced as travelling allowance may be waived in the case of those drawing over Rs. 50 but not more than Rs. 200 who on special circumstances cited the recovery of the amounts advanced as travelling allowance may be waived altogether or in part, if the head of the department thinks fit

4 Any Government servant drawing not more than Rs. 500 a month a member of whose family is bitten by a rabid animal and who has difficulty in finding at once the means of sending him or her to the Pasteur Institute at Coonoor or to the nearest

treatment centre, may be granted an advance not exceeding the actual travelling expenses admissible under rule 3 (i) plus one month's pay. If he does not draw more than Rs. 100 a month, an advance of the travelling expenses of an attendant, if necessary, may be given in a similar amount and subject to the same conditions of recovery (see below) as for the patient. In the case of Government servants whose pay does not exceed Rs. 50, the recovery of the amounts advanced as travelling expenses for the members of their families and for the attendant may be waived. In the case of those drawing over Rs. 50 but not more than Rs. 100, where special circumstances exist, the travelling expenses advanced for the members of their families and for the attendant may be waived altogether or in part if the head of the department thinks fit.

5. All officers of the Medical, Public Health and Civil Veterinary Departments of whatever class are treated as on duty for the purpose of pay, travelling allowance, leave and pension for the period covered by their journeys to and from the nearest centre for anti-rabic treatment, and their residence at any of the centres provided that they come into contact with rabid or suspected animals while actually discharging their official duties.

6. Government servants drawing more than Rs. 50 per mensem proceeding to the Pasteur Institute or any other centre for treatment should bear the cost of their maintenance both during their journey and while under treatment at the Institute or the inoculation centre. Those drawing not more than Rs. 50 per mensem are entitled to maintenance allowance during treatment as well as during the journey to and from the Pasteur Institute or the nearest treatment centre, at the rates of daily allowance admissible to them under the Madras Travelling Allowance Rules. The same concession is also admissible to members of the families of Government servants who undergo anti-rabic treatment.

NOTE.—The menials employed in the Medical, Public Health and Civil Veterinary departments who are paid from contingencies and who come into contact with rabid or suspected animals while actually discharging their official duties are entitled to the concessions admissible under rules 5 and 6 above.

7. The officers of the Madras Presidency mentioned in Appendix II A are authorized to grant the above-mentioned concessions to Government servants employed under them or subject to their authority.

8. The despatch of every Government servant to the Coonoor Institute or the nearest centre for anti-rabic treatment should at once be reported to the officer immediately superior to the officer by whom the patient is sent, and by that officer, if he is not the head of the department, to the head of the department. Where the head of the department himself sends the person, no further report will be required. A report should also at once be made direct to the Director of the Pasteur Institute, Coonoor, or the medical officer in charge of the inoculation centre concerned, in the form given in Appendix II-C.

9. The Director of the Institute or the medical officer in charge of the inoculation centre, on production of satisfactory proof of identity and of adequate evidence that the patient, if a Government servant, did not receive an advance of one month's pay admissible to him under these rules as a recoverable loan, may grant to such a Government servant an advance not exceeding one month's pay, intimating the grant to the head of the department to which the Government servant belongs with a view to the recovery of the sum advanced from his pay in not less than three but not more than twelve monthly instalments. The proof furnished by the Government servant will be made a voucher and the charge will be recovered by the Director or the medical officer in charge of the inoculation centre from the officer in charge of the treasury or sub-treasury, who will, when necessary, arrange to pass it on to the district concerned. Subject to the same conditions of proof and recovery, the Director or the medical officer in charge of the treatment centre may also make in very special cases a further advance not exceeding half a month's pay to a Government servant who has already received an advance of one month's pay before his departure for the Institute or the hospital, but has run short of funds while under treatment, and may also pay as an advance the maintenance and return journey expenses of Government servants drawing not more than Rs. 50 a month, to the amount admissible under rules 3 (i) and 6. Any of the above advances may also be granted to a Government servant, subject to the above conditions of proof and recovery, if applied for by him on account of a member of his family undergoing treatment at the Institute or the hospital.

10. The discharge certificate to be granted by the Director or the medical officer in charge should be prepared in duplicate; one copy of it should be despatched by him to the Government servant responsible for the original advance, and the other copy should be attached to the bill for the travelling allowance for the return journey which will be presented for payment at the treasury.

11. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the Institute or the treatment centre, and should also be supported by the original intimation received from the officer who is responsible for the original advance. Maintenance charges for days spent at the Institute or the hospital and for the days of the return journey may be advanced on separate bills drawn by the Director of the medical officer in charge of the treatment centre, who will certify thereon the class to which the patient belongs and the number of days that he was under treatment or that will be occupied in the journey.

12. The travelling and maintenance allowances of Government servants who are paid from Central or Provincial revenues should be debited to a special debited head, viz., '47 Miscellaneous—Miscellaneous charges for anti-rabic treatment.' The travelling and maintenance allowances of servants of Port and Marine funds administered by the Government should be debited to the funds from which their salaries are met. Any recoveries of overdrawals to be effected in consequence of a Government servant having been allowed travelling allowance in excess of that to which he was entitled will be made by the Accountant-General.

NOTE.—In the case of all Government servants, the charge for the anti-rabic vaccine and for telegrams for vaccine will be borne by the Government. The families of Government servants on a pay of not more than Rs. 100 per mensem are also entitled to the concession.

13. All advances made to Government servants under rules 3 and 4 should ordinarily be recovered in three equal monthly instalments as provided in Article 329 (a) of the Madras Financial and Account Code, Volume I. But in special cases where it is considered that the enforcement of the rules would cause hardship, the Local Government or the Hon'ble the Judges of the High Court, the Board of Revenue and the officers named below, who have been specially empowered in that behalf, may sanction the repayment of an advance in more than three but not more than twelve instalments:—

Accountant-General with the Government of Madras
Inspector-General of Prisons,
Do. Police,
Do. Registration
Right Reverend the Bishop of Madras.
Ex-Harbour Master.
Director of Public Instruction
Chief Engineer, Public Works Department.
Director of Public Health

II.—Concession to Indigent persons not employed in the public service.

14. Indigent patients, when bitten by rabid animals, should proceed for anti-rabic treatment to the Pasteur Institute, Coonoor, or any of the treatment centres provided by the Government that is nearest. Any indigent person domiciled in British India, not employed in the public service, who has been bitten by a rabid animal and who, in the opinion of any of the officers referred to in Appendix II-B is unable to proceed to the nearest centre for anti-rabic treatment at his own expense may be granted the following concessions, viz., (a) a single

third-class fare each way by railway, (b) for journeys by road or river the actual cost of transit, and (c) maintenance allowance at the following rates:—

Europeans and Anglo-Indians, eight annas during the journey and twelve annas during treatment. Indians four annas during the journey and six annas during treatment.

Provided that for the purpose of this rule no person or member of the family of a person who pays more than Rs. 50 as kist per annum or whose income from any other source than land exceeds Rs. 50 per mensem shall ordinarily be classed as indigent nor shall any person be classed as indigent who has at the time of exit obtain from relatives the means of paying his expenses. Any person claiming to be indigent for the purpose of this rule shall produce a certificate to that effect from the village headman or from the subsidized rural medical practitioner if there is one in the village or from two respectable inhabitants of his village or from the executive authority of the municipality or the presidents of the district boards as the case may be.

A list of officers in the Madras Presidency authorized to grant this concession is given in Appendix II-B.

15. Indigent patients and their attendants proceeding to the Pasteur Institute, Coonoor, or to the nearest anti-rabic treatment centre, should be paid in cash a single third-class fare by the shortest and cheapest route by the officer, who despatches them, and the Director, Pasteur Institute, Coonoor, or the medical officer in charge of the treatment centre will make similar arrangements for the patients' return journey.

Persons who are bitten by rabid dogs when applying for certificates of indigency should produce evidence to the satisfaction of the officers and others referred to above that they have actually been bitten by rabid dogs, etc. The officers and others who have been authorized to issue certificates of indigency should insist on such evidence before the grant of such certificates.

16 The following procedure should be adopted in regard to the payment to be made to indigent persons and their attendants proceeding to or returning from anti-rabic treatment centre and the recoveries to be made from the local bodies concerned The railway fares should be paid in cash by the officers despatching the indigent patients, money being drawn as contingent bills debitable to "Advances Repayable—Objection Book Advances—Other Officers." The despatching officers should, with reference to rule 23, give intimation to the local bodies concerned regarding the amount paid to indigent persons for railway fares and maintenance charges These amounts should be recovered from the local bodies concerned by presenting bills A copy of the intimation should also be sent to the Accountant-General, Madras, who will watch the recoveries made from the local bodies The recoveries will be credited to the same head.

NOTE.—Officers who are authorized to despatch indigent patients for anti-rabic treatment to the nearest anti-rabic treatment centre but who cannot draw money from the treasury may pay the railway fares to indigent patients and their attendants from the permanent advances held by them and subsequently recover the same from the local bodies concerned by presenting bills.

17. The patient may be paid in advance the actual cost of transit for journeys by rail or by road or by river, when necessary, and maintenance allowance for the period of his journey to the Institute or the hospital He should take with him and produce a certificate signed by the officer despatching him that he has been sent to the Institute or any other centre for treatment at the expense of Provincial revenues or by local or municipal funds. If the area to which the patient belongs is within the limits of a municipal town or of a local board, the name of the municipality or local board concerned should be stated in the certificate.

18. The maintenance allowance of the patient while under treatment and for the period of the return journey and also, if necessary, the cost of transit for journeys by rail or by road or by river on the return journey, will be disbursed by the Director, Pasteur Institute, Coonoor, or the medical officer in charge of the treatment centre in the first instance and subsequently recovered from the treasury on production of a discharge certificate.

'19 The discharge certificate to be granted by the Director of the medical officer should be prepared in duplicate. One copy should be despatched by him to the Government servant responsible for the original advance and the other should be attached to the bill for travelling allowance for the return journey when presented for payment at the treasury.

20. The bill for travelling allowance for the return journey should be at the same rates as were allowed for the journey to the Institute or other treatment centre and should be supported by the intimation received from the officer responsible for the original advance.

21 Maintenance charges for days spent at the Institute or the treatment centre and for the days occupied by the return journey and also the third-class railway fare may be advanced on separate bills drawn by the Director or the medical officer, who will certify thereon the days that the patient was under treatment or that will be occupied in the journey

NOTE.—The bill drawn by the medical officer should exclude diet charges incurred on behalf of any indigent person who has been admitted as an in-patient in any of the treatment centres other than the Pasteur Institute, Coonoor, while undergoing the treatment.

22. Any indigent person who is (a) a woman, (b) a child under 12 years of age or (c) a man incapable by reason of age or other sufficient cause of travelling alone, may be allowed to be accompanied by not more than one attendant (except in the cases provided for in the note below), the cost of such attendant being debited to the same fund to which the charges on account of the patients are debited. Such attendant or attendants may be granted travelling expenses and maintenance allowance at the rates sanctioned for patients and also wages not exceeding four annas a day, in cases where the despatching officer is satisfied that the patient is unable to pay the daily expenses of the attendant or attendants This concession is also admissible to Government servants drawing not more than Rs 100 a month and subject to the condition in rule 4 to members of the families of such Government servants.

NOTE.—More than one attendant may be allowed on the authority of one of the authorities mentioned in Appendix II B in special cases, as, e.g. when the patient is a child unable to travel without the mother or other woman in charge who now requires an attendant, or when the patient is a woman and in addition to one attendant is compelled to take one or more children with her

23. The despatch of each indigent person to Coonoor or any other centre for anti-rabic treatment at the public expense should at once be reported to the Director or the medical officer concerned in the form given in Appendix II-C. A report should also be sent to the executive authority of the municipality or the president of the district board concerned if the area from which the patient is despatched is within the limits of a municipal town or of a district board, and in every case a report should also at once be sent to the Accountant-General.

The report should state—

(a) the amount of travelling allowance (by rail, road or river) advanced;

(b) the number of days for which and the rate at which maintenance allowance has been advanced,

(c) the charges that should be borne by Provincial revenues or by municipal or district board funds.

In the case of persons who of their own accord resort to any centre for anti-rabic treatment, the necessary reports should be sent to the Accountant-General and the local bodies concerned by the medical officer in charge of the treatment centre.

24 (a) The expenses incurred in the treatment of indigent persons residing within the limits of the following cantonments, viz., Wellington St Thomas Mount Pallavaram and Poonamallee should be debited to Cantonment funds

NOTE.—The term "expenses" in this rule includes the cost of the anti-rabic vaccine and the charges incurred on account of conveyance to the Pasteur Institute, Coonoor, for the vaccine and also the third-class railway fares but does not include the actual dieting charges of persons admitted as in-patients in Government hospitals while undergoing treatment

(b) In the case of other indigent patients, the cost of anti-rabic vaccine and telegram charges will exclusively be debited to Provincial funds but maintenance charges and the railway fares advanced to such patients will be recovered from the local body concerned if the patient is residing within the jurisdiction of a district board or municipality. The exhibition of charges in the public accounts shall be as under:—

(1) The cost of anti-rabic vaccine supplied to Government hospitals in the Presidency should be treated as regular expenditure of the hospitals concerned and should be debited to "Supplies and services—Voted—Medicines and Hospital necessaries."

(2) The expenditure on service postage on account of telegrams sent to the Pasteur Institute, Coonoor, for the despatch of vaccine should be treated as a contingent charge of the hospital concerned and should be debited to "Contingencies—Voted—Miscellaneous."

(3) Advances of maintenance charges and third-class railway fares made by Superintendents of medical officers of hospitals to indigent outpatients undergoing anti-rabic treatment should be classed as under:—

(a) "Advances repayable—Civil advances—Objection Book Advances—Other officers (anti-rabic charges)" only in cases where the charges are recoverable from local bodies and others, subsequent recoveries being credited to the same head of account; and

(b) "47. Miscellaneous — Miscellaneous charges for anti-rabic treatment" in cases where such charges are to be met from Provincial funds.

25. The Director or the medical officer concerned may make advances to indigent patients who come to the Institute or the treatment centre at their own expense but are unable to maintain themselves or to pay for their return journey. Such advances should be recovered from the local bodies concerned by presenting immediately on completion of the treatment a bill supported by the certificate of indigence produced by the patient as required by rule 14. If more than one indigent patient from the same local area completes the treatment in the course of a month, a consolidated bill to cover all the cases may be sent to the local body concerned. When an apparently indigent patient arrives without a certificate of indigence, the Director or the medical officer in charge of the treatment centre may admit the patient without waiting for the certificate, but he should at once send the name and address of the patient to the executive authority of the municipality or the president of the district board concerned with a request that a certificate of indigence should be sent. The executive authority of the municipality or president should treat such communications as very urgent and send a reply to the medical officer concerned before the patient has completed the treatment, i.e., within 14 days of the person's admission as a patient. On receipt of the certificate from the president or the executive authority, the maintenance allowance and third-class railway fare advanced to the patients should be recovered from the local body concerned by presenting a bill as prescribed above. If, on the other hand, no certificate is received from or given by the executive authority or the president, the Director or the medical officer concerned should recover, if possible, the charges from the patient and if this cannot be done, the possibility of recovering them should be investigated in the following manner:—

The Director or the medical officer concerned should correspond direct with the officers in charge of the district to which the patients to whom advances have been made say they belong, and should ask them to take over for investigation claims in respect of the advances made. District Officers should take over these claims as soon as they are satisfied that the persons who received the advances actually belong to their districts and should inform the Director or the medical officer that they have done so. The Director or the medical officer should then recover the amounts advanced from the treasury producing the District Officer's 'acceptance' as vouchers, and the claims should then be passed on to the provinces concerned to be adjusted as the amounts advanced are recovered or written off under the local rules. Any sum which is found to be irrecoverable after being passed on to a District Officer will be debited to the province concerned as a provincial charge under the head "47. Miscellaneous—Miscellaneous charges of anti-rabic treatment." Otherwise, i.e., if no District Officer takes over the claim, it will be adjusted finally under the same head in the books of the Accountant-General, Madras.

NOTE.—The Director, Pasteur Institute, Coonoor, is also authorised to sanction the debit to Provincial revenues of irrecoverable advances subject to the submission of quarterly returns to Government of such sanctions through the Surgeon-General.

26. With regard to indigent patients who are sent for treatment from the Pasteur Institute to the Government Hospital, Coonoor, the Director may, in the first instance, defray the expenses connected with their diet, and, in case of death, of their burial or cremation, as the case may be, and recover the cost in accordance with the procedure laid down in rules 23 to 25.

Typewriting—Higher Grade—Oral and Practical Examinations

With reference to the Proceedings of the Commissioner for Government Examinations, Madras, Memorandum C, No. 491-E/34, dated 18th July 1934, published on page 378 of Part I-E of the *Fort St. George Gazette*, dated the 24th July 1934, and with reference to the syllabus in Typewriting—Higher Grade (Oral and Practical portions only), the following list of duplicating machines have been approved for use in connection with the Government Technical Examinations as published for the general information of the heads of commercial institutions in the Presidency and in the Indian States and of the candidates offering themselves for the examinations :—

1 Multiter, hand feed.
2 R.B.R. No. 14, hand feed (Old R.B.R. No. 11).
3 Ronco No. 2, hand feed.
4 Ronco No. 100, self-feeding.
5 Filma D-1, hand feed.
6 Filma K., self-feeding.
7 Roto Rotary No. 5, self-feeding.
8 Gestetner No. 3, hand feed.
9 ,, No. 5, self feeding
10 ,, No. 66, automatic.
11 Ronco No. 10, self-feeding.

The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on fibres will be demanded of candidates with effect from the examination of January 1936. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the *particular* kind of typewriter which they used while answering the written test.

3. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools if they choose; provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the right hand corner of their answer papers and the particular kind of Typewriter they use at the left hand corner, typed before the question paper is given to them.

4. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

5. The candidates will, if necessary, be examined in *batches* but at least every *four* candidates for the Lower grade, at least every two candidates for the Higher grade, must have one machine among them.

6. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

7. Managers and Instructors will be allowed into the examination hall at the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

8. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (through the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter, his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the Manager or Instructor.

A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of it while the machine is out of order and is being put right.

In the Mufassal.

Heads of Institutions who are desirous that their pupils will be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent *not earlier than four days before the examination* and furnish him with all the necessary information as to the number of candidates and centres and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth in which the candidates elect to appear) will be issued on Thursday, the 17th October 1935, between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not prove themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 17th October 1935, with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

Candidates that have each a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher grade* may appear for the first or second batch at their option and no *tickets accordingly are issued for this grade.*

Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 17th October 1935, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mufassal.

(iii) Attention is particularly drawn to the following rules :—

1. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable

covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

4. Strict silence should be maintained in the examination hall.

5. *No candidate will on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

6. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

7. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

8. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

9. No candidate will be allowed to exceed the time assigned to each paper.

10. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his desk and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his desk.

11. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

12. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

13. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

14. The answer papers should be stitched or pinned together at the upper left hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

[N.B.—(a) Candidates are strictly forbidden to write or type their names on the answer papers.

(b) Candidates should distinctly understand that failure to furnish even any one of these particulars may involve the rejection of their answer papers—particularly any answer paper with of missing their answer papers—particularly any answer paper with or without the candidate's register number and name of centre will not be valued.]

15. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractices of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatsoever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner on any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

16. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

17. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject so published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

NOTIFICATION

The following letter is republished :—

Letter from the Government of India, Department of Education, Health and Lands, No. F. 36-37/35-G, dated 26th July 1935.

I am directed to refer to this department letter No. F. 36-1/32-G, dated the 15th June 1934, and to say that it has been brought to the notice of the Government of India that in some cases rubber stamps are used for the purpose of signing or countersigning certificates of vaccination issued to passengers proceeding from India to other countries. As this practice is open to abuse and as rubber stamp signatures may not be acceptable to health authorities at the ports of disembarkation, the Government of India consider that on all vaccination certificates signatures and countersignatures where necessary, should be hand-written. I am to request that steps may kindly be taken to bring this to the notice of all persons concerned throughout the Province.

TENDERS will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada up to 4 p.m. on 24th October 1935 for the work of constructing a head sluice for the Kistna West High Level channel between M. 0/4 and M. 6/5 of the Kistna Western Main canal near Podusulapudy.

The tender should be in the prescribed form obtainable from the Executive Engineer's office.

2. Tenders must be submitted in sealed covers and should be addressed to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs. 500 into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Kistna Western Division and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation in case of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 200 only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the K-2 form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 8 of the agreement will be retained as security for the due fulfilment of the contract. Failure to attend the Division Office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The several items of works noted in the schedule are to be executed as per the Madras Detailed Standard Specifications or Supplemental Specifications for which reference is given against each. The tenderer should carefully study the drawings, specifications and all the documents relating to the work so that he may have an idea of the nature of the work he is undertaking to execute. These can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Kistna Western Division.

6. The tenderer's particular attention is drawn to the conditions and to the directions to the parties tendering, detailed in the K-2 agreement form and also to the sections and clauses in the preliminary specifications of the Madras Detailed Standard Specifications dealing with

(a) materials and workmanship sections and clauses 20 to 27 and

(b) included in the contract rates—section and clauses 33 to 41 and 43.

7. Every tenderer is expected, before quoting his rate, to inspect the site of the proposed work. He shall also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source named shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. A schedule accompanies the tender notice. The tenderer should quote specific rates for each item in the schedule. The rate tendered should be for finished work in all inclusive of all incidental charges connected with its execution and should be quoted in rupees, annas and in terms of three pies. The rates and units should be written both in words and figures. The schedule accompanying the tender should be written legibly, and free from erasures, overwritings or corrections of figures. Corrections where unavoidable should be made neatly by crossing out, initialling, dating and rewriting.

9. Tenders offering a percentage deduction from or increase on the estimate amount, and those not subtotalled in proper form or in the form will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, specifications or description of the items in the schedule) will be recognized; and, if any such alterations are made, the tender will be void.

10. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

11. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

12. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

13. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

14. The successful tenderer is expected to arrange for the collection of materials as soon as agreement is accepted so as to facilitate starting of work. It should be noted that the navigation canals will be closed for traffic on 10th March 1936.

15. No separate payment will be made for pumping or baling water. The cost of all works necessary for dewatering and protecting foundations must be included in the contractor quoted.

16. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderers should therefore state, in clear terms, whether they employ such technical staff and, if so, to give the qualifications of such staff and the extent to which they will be employed on the work. This information should be given in the following form which should be added at the last paragraph in the standard tender form to be filled in and submitted by them :—

Technical staff proposed to be employed with names.	Qualifications.	Extent to which they will be employed in the execution of the work.

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Report of the Select Committee on the Bill to regulate the payment of wages to certain classes of persons employed in industry was presented to the Legislative Assembly on the 2nd September 1935:—

We, the undersigned, members of the Select Committee to which the Bill to regulate the payment of wages to certain classes of persons employed in industry was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

We desire to acknowledge the valuable assistance given to us by Mr. N. A. Mehrban, Assistant Commissioner of Labour, Bombay, who attended our sessions and placed at our disposal his intimate knowledge on the subject of payment of wages.

Clause 2.—In sub-clause (4) we have deleted the words which exempted the railways, other than railway factories, from the operation of the provisions relating to prompt payment. In place of this we have modified clause 5 so as to enable the Government of India to exempt railway services to the extent that may be necessary.

In sub-clause (6) we have deleted the words which would have enabled Local Governments in extending the provisions of the Act to do so in a relaxed form.

We have raised the limit of wages in sub-clause (6) from one hundred to two hundred rupees.

Clause 3.—We have recast the definition of "industrial establishment" and enlarged it by including inland steam-vessels, tramways, and docks, wharves and jetties. We have also revised the definition of "wages." It seemed to us that in its original form it would have made it possible for an employer to circumvent the provisions relating to deductions by attaching conditions to the payment of wages, in whole or in part, and forfeiting substantial sums for non-fulfilment of such conditions. Our revised definition is designed to include in wages everything which the workman would receive if he fulfilled all the conditions while section 7 ensures that deductions, for non-fulfilment of the conditions or for other reasons, are limited to those permitted by the Bill.

Clause 5.—We have recast this clause. One object of the redraft is to make it clear that the employer or other person need not pay wages personally, but is responsible for their payment. In respect of contractors, the intention is that the contractor should be responsible for payment where he undertakes actual work for the principal employer and is in charge of the labour, and that the principal employer or his manager should be responsible where the contractor merely contracts for the supply of labour to the employer.

Clause 4.—The change places the responsibility on the person responsible for the payment of wages.

Clause 5.—Sub-clause (1) formerly provided for the payment of wages within seven days but allowed an extension, where the seventh day was not a working day, to the first working day thereafter. We consider that extensions undesirable and have not only deleted the reference to it, but have, by providing for payment on a working day, further reduced the period that will be available in some cases. At the same time, we have, by a majority, allowed three additional days for large establishments.

We have omitted the original sub-clause (2) which gave Local Governments the power of exemption and have in place of this modified clauses 15 and 21 so as to secure the employer against penalty where he could not reasonably have complied with the provision.

The new sub-clause (2) has been explained in the note on clause 1. The new sub-clause (4) is designed primarily to secure that holidays are not rendered incomplete by the necessity of the employee attending the factory or other establishment.

Clause 6.—We consider that in industry the payment of wages in kind lends itself to abuse and that the practice, prevalent in a few factories, of paying in grain, should now be stopped. We have therefore added this provision.

Clause 7 (formerly clause 6).—We have restricted the list in sub-clause (2) to a definition of the types of permissible deduction and have removed certain substantive prescriptions formerly included here to other clauses. We have added a provision for deductions on account of absence as, particularly with our revised definition of wages, the employer would otherwise have been obliged to pay wages

to men who failed to appear for work. Conditions to govern such deductions are contained in the new clause 9.

Clause 8 (formely clause 7).—The Bill originally gave Local Governments the power to prescribe the acts or omissions for which fines could be imposed. We consider that this would be an invidious task and that the prescription of official lists might encourage some of the numerous employers who never impose fines to institute the practice. We have therefore left it to employers to frame their lists and to secure official approval. Where no list is submitted, no fines will be legal.

In sub-clause (4) we have substituted "wage-period" for "month" as the original provision would have given serious difficulty in administration where the wage-period is less than a month.

We have provided in this and in clause 10 for the right of explanation by the workmen and for a procedure in imposing fines and deductions as well as their entry in a register. We consider it desirable that the procedure should include the supply to the workmen of a written statement giving particulars of the deduction and the reason for it.

Clause 9.—See note on clause 7.

Clause 10 (formerly clause 8).—*See* note on clause 8.

Clause 11 (formerly clause 9) and *Clause 13.*—The concluding part of clause 11 and the whole of clause 13 represent transfers, with minor modifications, of prescriptions formerly embodied in clause 6 (2).

Clause 12.—Most of this clause represents a transfer from the former clause 6 (2), but following a recommendation of the Royal Commission on Labour we have added a prohibition of the recovery of travelling expenses.

Clause 14 (formerly clause 11).—The alteration in sub-clause (2) is designed to enable Government to appoint persons who are independent of the railway authorities and some of us consider that only such persons should be appointed.

Clause 15 (formerly clause 12).—We have defined the qualifications of the authority to be appointed on applications.

By a majority, we have given the authority power to extend the period laid down by sub-clause (2), some of us would have preferred to fix the period at a year instead of six months.

We were equally divided regarding the desirability of retaining sub-clause (5), but have agreed that if it is to be retained, there should be provision for an appeal and have modified clause 17 accordingly.

Clause 16 (formerly clause 13.—Sub-clause (3) has been added to secure expedition.

Clause 17 (formerly clause 14).—We have specified the appellate authorities. *See* also note on clause 15.

Clause 19.—This is designed to preserve the employed person's right to recover wages, and enables him to recover compensation, from his employer.

Clause 20 (formerly clause 16).—*See* note on clause 26.

Clause 21 (formerly clause 17).—*See* note on clause 5.

Clause 25.—We have added this clause.

Clause 26 (formerly clause 19).—We have transferred the power to prescribe the procedure of the tribunals to the Government of India as we consider that there is no need for provincial variations, and we have provided for three months' previous notice of rules so as to ensure adequate consultation with the interests concerned.

Sub-clause (4) reproduces part of the former clause 16 (2) in such a form that the penalty can be adjusted to the offence. We have doubled the maximum penalty.

The other changes are mostly consequential.

2. The Bill was published in the *Gazette of India*, dated the 16th February 1935.

3 We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

MINUTES OF DISSENT.

I have various objections to the Bill as it has emerged from the Select Committee, but in this Minute of Dissent, I shall confine myself to just a few matters of importance.

2. *Clause 7 (2).*—Clause 7 (2) of the Bill gives a list of the deductions which may be made from wages. This list does not include forfeiture of wages in lieu of notice, and thus takes away the right which an employer now has under the terms of any special contract he may have with his workmen, of deducting the amount of such forfeiture from the wages due. The question was discussed at great length by the Bombay Strike Enquiry Committee presided over by Mr. Justice Fawcett, and they held that "if any permanent operative leaves service without notice, he shall be liable to forfeit by way of liquidated damages, at the discretion of the Manager, the whole or part of the wages due to him for the 14 days immediately prior to his so leaving." As far as the Bombay Mills are concerned the right of forfeiture has not been exercised except in very special circumstances, but that is no reason why it should be abolished altogether. It was argued in the Select Committee that an employer would not be penalised by the omission of this type of deduction from the list of permissible deductions from wages since he would have his remedy at common law, and could sue the workman for breach of contract. I maintain that the common law remedy, to which the Select Committee referred, is no remedy whatsoever in the case of a workman in India who, on leaving employment without notice, is, more often than not, absolutely untraceable, and even if traceable, cannot be made to pay for the loss suffered by the employer owing to the breach of contract which has taken place. In the circumstances, the best method of recovering the compensation due to the employer for the operative's failure to give the prescribed notice would be by means of a deduction from the wages due to him. If the Bill is passed into law as it stands employers in future would be justified in withdrawing the reciprocal privilege which workmen now enjoy, at least in the Bombay Cotton Textile Industry, of receiving 14 days notice, or 13 days wages, before their employment can be terminated. There are several ways in which this can be done, and it would mean a reversion to the old system which would be deplorable.

* Subject to a minute or minutes of dissent.

3. The next point I desire to make in connexion with this clause is the absence from the list of permissible deductions of a clause authorizing recovery of cost of cloth damaged by the operative on account of his own negligence. The Bill contemplates a fine for bad and defective workmanship, but the total amount of fine which may be imposed on an operative in any one month is not to exceed half an anna in the rupee of his total monthly wage. This limit is very low; on account of the diversification in production which has taken place in the Textile Industry as a result of the Noyce Committee's recommendations, the value of cloth at present passing through the hands of the operative is much more than it was a few years ago, and the small amount of fine contemplated in the Bill would neither bear any proportion to the monetary value of the damage inflicted, nor act as a deterrent to bad or careless workmanship. This question was also discussed before the Fawcett Enquiry Committee, who held that "it would be clearly unreasonable for the employer not to have power to recover compensation for damage caused by the negligence of a weaver, by fine or deduction from wages". They further stated that "the limit of 2 per cent of an operative's total earnings for a month (imposed in the Millowners' Association's then Standing Orders for Operatives) would be too small to cover such losses in most cases", and therefore suggested that "a separate provision should be made for fines for damaged cloth which should be fixed on a compensatory basis not exceeding the estimated loss to the mill owing to the damage". This recommendation was subsequently accepted by the Millowners' Association, and a rule was framed which in its operation has been found to work very well in Bombay, and has created no hardship. Even the Whitley Commission recommended that "the law should provide that deduction should in no case exceed the wholesale price of the goods damaged". My contention, therefore, is that the limit of fine in case of bad workmanship is altogether inadequate, and falls far short of the authoritative findings of two expert committees.

4. Another issue arises out of the list of permissible deductions included in clause 7 (2). I see from the notes appended against clause 6 that "the practice prevalent in a few factories of paying in grain should now be stopped". Does this mean that the cost of grain, cloth, etc., supplied to the operative by the employer would not be a deduction admissible under clause 7 (2)? If so, grain and cloth shops, canteens and the like which have been established by many mills for the benefit of their operatives, and which serve a really useful purpose, might have to be closed down, and extortionate money-lenders and shop-keepers might take their place.

5. Clause 8 (3) lays down that fines realized "shall be applied only to such purposes beneficial to the persons employed in the factory as are approved by the prescribed authority". According to the Standing Orders for Operatives laid down by the Millowners' Association, Bombay, all fines imposed are credited to a Welfare Fund and utilized for such benefit or benefits to the operatives as the Mill Company may determine. Discretion in the matter of utilizing such amounts must rest with the employer. After all, when a fine is imposed, it necessarily follows that the employer has suffered at least a corresponding financial loss, and it is, therefore, really his money which is credited to the Fund, and provided it is spent for the benefit of the workpeople, there should be no outside interference at all.

6. I may add that, as the views I have expressed with regard to fines for bad workmanship, deductions for supplies to workmen and the manner of the utilization of fines, I have the concurrence of a number of employers' organizations in various parts of India.

H. P. MODY.

Section 1, Clause (4).—We feel that the Bill is too limited in its applications; it should be made applicable to all factories and workshops where twenty or more persons are employed.

Section 2, Clause (ii).—We are of the opinion that the Act should apply directly to industries such as docks, tramways, oil wells and plantations including in the last category sugar plantations wherever such are run by sugar mills, and to seamen.

Section 5 (2).—We are of the view that the Government of India should have accepted the recommendation for the general adoption of a system of weekly payments, made by the Royal Commission on Labour. If the immediate adoption of the system of weekly payments is regarded as not practicable, we recommend the adoption of at least a fortnightly wage payment system, wherever Trade Unions prefer it

Section 5, Clause (1).—We do not agree with the charge made by the majority of the Committee in allowing a ten days' maximum period for payment of wages in factories employing more than a thousand people

Section 5, Clause (2).—We state it as our view that where the employment of any person is terminated by or on behalf of the employer, the wage earned by him should be paid on the day of discharge.

As regards payment of wages to heirs of deceased workers, some easy and prompt method of payment should be devised.

In the case of unclaimed wages, facilities should be provided for payment when the claim is made even after a period of six months If the sum is not claimed within three years, then it should be credited to a fund to be spent for the welfare of the workers

Section 6.—Most of us are of the view that fines should be abolished altogether.

Section 6, Clause (2)(a).—We feel it is necessary to define the word "fine" to avoid any misunderstanding as fines may be both direct and indirect, "Fine" may be, therefore, defined as any monetary loss suffered by an employee by way of reduction in the rate of pay temporarily or permanently in the same grade or scale of pay or deduction of part or the whole gratuity or employees' contribution to the provident fund or of any allowance, as a penalty.

Section 6 (2) (b).—Most of us are of the view that deductions on account of insurance premium of companies approved by the Government and also contributions towards trade union subscriptions may be permitted so long as the workers express their willingness voluntarily in favour of such deductions.

Section 7, Clause (2).—We are of opinion that provisions should be made to give the employee an opportunity of being heard through a representative of the trade union of which he is a member or any other person whom he may appoint in this behalf. This will be in accordance with the spirit of the recommendations of the Royal Commission on Labour.

Section 7 (3).—If the retention of fines should be insisted upon, we advocate that the imposition of fine should not exceed an amount equal to a quarter of an anna in each rupee of wages earned by a worker in a month. It is an admitted fact that low paid workers do not get an adequate living wage in this country. We suggest, therefore, that a worker getting Rs. 15 or less a month should not be fined.

Section 7 (7).—In our view, the funds accruing from the realisation of fines should be administered by a Joint Committee consisting of representatives of the employers and of Trade Unions wherever such exist, and in their absence, of representatives elected by workers.

Section 8.—The suggestion made by us under section 7, clause (5), may be adopted under this section also.

Section 10 (2).—We recommend that the court fees in respect of any proceedings under this Act should not exceed what is provided for in the Workmen's Compensation Act or a maximum of Rs 6 whichever is less.

Section 12, Clause 3.—We recommend that the words "error or" should be deleted and 'bona *fide* dispute' to be retained, as we fear that the word 'error' is liable to be misinterpreted and misconstrued.

Section 13, Clause (5).—We are of opinion that the penalty provided for in this section should be only in respect of applications made out of malice and we recommend the deletion of the words 'or vexatious' because they are vague and not capable of proper definition. We are further of opinion that the penalty should not exceed Rs. 25.

The reference in this Minute of Dissent to the clauses of the Bill are as in the Bill as referred to the Select Committee.

Section 1 (3).—I would give Local Government power to extend the application of the Act to any industry or occupation.

Section 3.—I am not sure whether provision is made in this section for the payment of wages by the employers directly to Budlis or substitute workers.

Section 5.—When the employment is terminated by the employer with due notice or when he goes on leave, his wages should be paid on the day on which he terminates his service or on the last working day before he leave begins.

Section 7.—I am not in favour of permitting an employer to make deductions on the principle that a deduction may be made so long as the workers express their willingness voluntarily.

Section 7 (2).—The power given is too wide. I would suggest the omission of this sub-section. The reference to *tools and materials* supplied by the employer which was included in the Bill introduced in 1933 is omitted in the present Bill with the *evident object* that there should be no deduction for this purpose. It is open to Local Governments to interpret "service" to include supply of tools and materials. This must be prevented.

Section of British Truck Act of 1887 gives power to employees to appoint auditors of the accounts of the services provided by employers. The Bill should make provision for this.

For proper payment of wages statutory provision should be made for the inspection of weights and measures used by the employers for ascertaining the production for which wages are paid. Such a provision is made by the British Factory Act, section 117. Statutory provision on the lines of British Act of 1919 should also be made for the introduction of a system by which the employees who are paid according to the weight or measurement of the material produced or handled, are permitted to appoint a representative to check weight or measurement of the material produced or handled by them.

(b) by an employed person, if the total amount of wages claimed to have been withheld from him or from the unpaid group to which he belonged exceeds fifty rupees, or

(c) *by any person directed to pay a penalty under sub-section (3) of section 15.*

(a) a *bona fide* error or *bona fide* dispute as to the amount payable to the employed person, or

(b) the *occurrence of an emergency, or the existence of exceptional circumstances, such that the person responsible for the payment of the wages was unable, though exercising reasonable diligence, to make prompt payment, or*

22. No Court shall entertain any suit for the recovery of wages or of any deduction from wages in so far as the sum so claimed—

(a) forms the subject of an application under section 15 which has been presented by the plaintiff and which is pending before the authority appointed under that section or of an appeal under section 17, or

(*c*) has formed the subject of a direction under section *15* in favour of the plaintiff; or

(*c*) has been adjudged, in any proceeding under section *15*, not to be owed to the plaintiff; or

(*d*) could have been recovered by an application under section *15*.

23. Any contract or agreement, whether made before or after the commencement of this Act, whereby an employed person relinquishes any right conferred by this Act shall be null and void in so far as it purports to deprive him of such right.

Powers to be exercised by Governor General in Council.

24. The powers by this Act conferred upon the Local Government shall be exercised by the Governor-General in Council in any case in which the exercise of such powers affects any persons employed by a railway administration.

(*2*) The Local Government may, *subject to the control of the Governor General in Council*, by notification in the local official Gazette, make rules for the purpose of carrying into effect the provisions of this Act.

(*3*) In particular and without prejudice to the generality of the foregoing power, * rules made under sub-section (*2*) may—

(*a*) require the maintenance of such records, registers, * returns and notices as are necessary for the enforcement of the Act and prescribe the form thereof;

(*b*) require the display in a conspicuous place on premises where employment is carried on of notices specifying rates of wages payable to persons employed on such premises;

(*c*) prescribe the manner of giving notice of the days on which wages will be paid;

(*d*) prescribe the authority competent to approve under sub-section (*2*) of section *9* acts and omissions in respect of which fines may be imposed;

(*e*) prescribe the procedure for the imposition of fines under section *9* and for the making of the deductions referred to in section *10*;

(*f*) prescribe the authority competent to approve the purposes on which the proceeds of fines shall be expended;

The following Bill was introduced in the Legislative Assembly on the 2nd September 1935:—

L.A. BILL No. 24 OF 1935.

A Bill to amend the Criminal Law.

WHEREAS it is expedient to amend the Criminal Law in the manner hereinafter appearing; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Criminal Law Amendment Act, 1935.

(2) It extends to the whole of British India, including British Baluchistan and the Santhal Parganas.

Repeals.

2 (1) Sub-section (3) of section 1 and sections 2, 3, 4, 6, 8, 15, XXII of 1932. 17 and 20 of the Criminal Law Amendment Act, 1932, are hereby repealed.

(2) Sub-section (3) of section 1 of the Indian Press (Emergency XXIII of 1931. Powers) Act, 1931, is hereby repealed.

Amendment of preamble, Act XXIII of 1932.

XXIII of 1932. 3. In the preamble to the Criminal Law Amendment Act, 1932, the word "temporarily" shall be omitted.

Amendment of section 1, Act XXIII of 1932.

XXIII of 1932. 4. In sub-section (3) of section 1 of the Criminal Law Amendment Act, 1932, the words and figure "section 4 and" and the words and figure "section 4 or" shall be omitted.

Amendment of section 9, Act XXIII of 1932.

XXIII of 1932. 5. In section 9 of the Criminal Law Amendment Act, 1932,—

(a) in clause (b) the figures "2", "3" and "6" shall be omitted; and

(b) clause (bb) shall be omitted.

Amendment of sections 11, 12 and 13, Act XXIII of 1932.

XXIII of 1932. 6. In sections 11, 12 and 13 of the Criminal Law Amendment Act, 1932, the words "So long as this Act remains in force", and the words "deemed to be", shall, wherever they occur, be omitted.

Amendment of section 32, Act XXIII of 1931.

XXIII of 1931. 7. In section 32 of the Indian Press (Emergency Powers) Act, 1931, the words "So long as this Act remains in force" shall be omitted.

STATEMENT OF OBJECTS AND REASONS

The Criminal Law Amendment Act, 1932, will expire on December 18, 1935. The Government of India propose by this Bill to continue certain of the provisions of that Act in a permanent form. The present Act includes—

(a) provisions against certain forms of intimidation (sections 2—4 and 6—8),

(b) provisions against associations dangerous to the public peace (section 13), and

(c) provisions to secure greater control over the Press (section 5 and sections 14—16).

2 The civil disobedience movement is at present in abeyance. Government have therefore decided not to continue the provisions against those forms of intimidation which were a special feature of that movement, namely, sections 2, 3, 4, 6 and 8 of the Act. Section 7 stands on a different footing. Picketing has not ceased with the civil disobedience movement. It is now recognized not only as a means of opposition to any form of constituted authority but also of causing annoyance to private persons who differ from the political, economic or religious views of the picketers. It is likely to be a main feature of any subversive movement and it cannot be dealt with effectively under the ordinary law. Government therefore propose to give permanent effect to section 7, which will as at present not come into force unless extended to a particular area by a Local Government.

3. Section 13 confers on Government powers to take certain action in connection with places used for the purposes of an unlawful association. It was enacted to strengthen the Criminal Law Amendment Act of 1908, which is a permanent Act. It is therefore logical to give permanent effect to the provisions of section 13. Unlawful associations are formed for the furtherance of subversive movements other than the civil disobedience movement and it is essential that Government should retain powers to enable them to deal effectively with such associations, when they are of a dangerous character.

4. Section 5 of the Act of 1932 makes it an offence to disseminate the contents of proscribed documents. It is a logical supplement to the Indian Press (Emergency Powers) Act, 1931, and section 20-A of the Code of Criminal Procedure, 1898, and should have the same period of validity as those Acts. Sections 14 to 16 continue and extend the scope of the Indian Press (Emergency Powers) Act, 1931. Having regard to the continuance of the terrorist movement, to the existence of a movement which has for its object the overthrow of the present social and economic system by violent means, and the constantly recurring outbursts of communal feeling, Government cannot safely relax their existing powers for the control of the Press and of unauthorized news-sheets and newspapers.

H. D CRAIK,

The following Bill was introduced in the Legislative Assembly on the 2nd September 1935 —

L.A. BILL No. 25 OF 1935.

A Bill further to amend the Provincial Insolvency Act, 1920, for a certain purpose.

WHEREAS it is expedient further to amend the Provincial Insol- V of 1920.
vency Act, 1920, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Provincial Insolvency (Amendment) Act, 1935.

Amendment of section 30, Act V of 1920. 2. In section 30 of the Provincial Insolvency Act, 1920,— V of 1920

(*a*) the words "the Court shall frame a schedule in accordance with the provisions of section 33," shall be omitted, and

(*b*) for the words "entered in the said schedule so far as relates to any debts entered therein" the words "so far as relates to any debt due to them from the debtor and provable under this Act" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

There is judicial authority for the proposition that a composition under section 39 of the Provincial Insolvency Act, 1920 (V of 1920), releases the insolvent only from debts entered in the schedule, but not from a debt in respect of which the creditor has not taken part in the insolvency proceedings; whereas section 90 of the Presidency-towns Insolvency Act, 1909 (III of 1909), releases the insolvent from all debts provable in insolvency. A comparison of section 44 of the former Act and section 45 of the latter Act indicates that the effect of an order of discharge is substantially the same under both Acts and there is no good reason why the effect of a compromise should not similarly be the same. This Bill is designed to assimilate the terms of section 39 of the Provincial Insolvency Act, 1920, to those of section 90 of the Presidency-towns Insolvency Act, 1909.

SIMLA,

N. N. SIRCAR.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1935 —

L.A. BILL No. 27 OF 1935.

A Bill further to amend the Provincial Small Cause Courts Act, 1887, for a certain purpose.

IX of 1887. WHEREAS it is expedient further to amend the Provincial Small Cause Courts Act, 1887, for the purpose hereinafter appearing; It is hereby enacted as follows —

Short title. 1. This Act may be called the Provincial Small Cause Courts (Amendment) Act, 1935.

Amendment of section 17, Act IX of 1887. IX of 1887. 2. In the proviso to sub-section (1) of section 17 of the Provincial Small Cause Courts Act, 1887, for the words "security to the satisfaction of the Court for the performance of the decree or compliance with the judgment, as the Court may direct" the words "such security for the performance of the decree or compliance with the judgment as the Court may, on a previous application made by him in this behalf, have directed" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

This Bill is designed to remove certain doubts which have arisen in the interpretation of the proviso to sub-section (1) of section 17 of the Provincial Small Cause Courts Act, 1887. As the section stands, an applicant is required to give security to the satisfaction of the Court at the time of presenting his application. It follows that in order to ascertain what security satisfies the Court, the applicant must already have made an application in that behalf. There is also some doubt whether the words "as the Court may direct" apply to the deposit of the whole decretal amount as well as to the giving of approved security. The Bill is intended to make it clear that the preliminary application to ascertain what security will satisfy the Court must be made and decided before the substantive application for the order to set aside the decree, and that it is always open to the applicant to adopt the alternative course of depositing the total decretal amount.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to make necessary amendments of a formal nature in certain enactments and to repeal certain unnecessary and spent enactments.

2. Detailed reasons are explained as follows:—

The Indian Income-tax Act, 1922 (XI of 1922).—The substance of sub-sections (*2*) and (*3*) of section 57 of the Act was, by Act XVIII of 1933, incorporated in sub-sections (*3C*) and (*3D*) of section 18. Sub-section (*9*) of section 18, while referring to sub-sections (*3C*) and (*3D*), ignores the fact that the sub-sections refer to payment of dividends, not of interest. A reference to payment of dividends is, therefore, now inserted in sub-section (*9*).

The Cantonments Act, 1924 (II of 1924).—Clause (ix) of section 2 is alphabetically out of place amongst the definitions. This is now being corrected.

The Repealing and Amending Act, 1930 (XXXI of 1930).—With the repeal of the Indian Aircraft Act, 1911, by Act XXII of 1934, the reference to the former Act in the Schedule to Act XXXI of 1930 has become obsolete and is being removed.

The Indian Merchant Shipping Act, 1923 (XXI of 1923).—While other references in the Act to "native passenger ships" were, by Act XXV of 1933, altered to "unberthed passenger ships", the words "native passenger ships" in section 136 (*1*) (*c*) of the parent Act were inadvertently left unaltered. This is now being rectified.

In sub-sections (*i*) and (*k*) of section 209A of the Act the word "them" was, in two places, inadvertently retained by the amending Act, XI of 1933, before the words "His Majesty's Representative". It is now being excised.

The Mechanical Lighters (Excise Duty) Act, 1931 (*VIII of 1931*).—With the repeal by Act XXXII of 1934 of Act VIII of 1894, section 16 of Act XXIII of 1931 becomes otiose and is now repealed.

The Repealing and Amending Act, 1931 (*XXIV of 1931*).—According to precedent, the repealing provisions of this Act are now themselves repealed.

The Iron and Steel Duties Act, 1934 (*XXXI of 1934*).—The references in this Act to Act VIII of 1894, now repealed, have become redundant and are here repealed. Section 10, itself a repealing provision, is also, according to precedent, repealed.

Regulations.—Six Manipur Regulations, constituting the Manipur Code, have become spent as the result of the cession, on the 15th of August 1982, of Manipur to His Highness Maharaja Holkar and are now repealed.

Seven Regulations applicable to the North-West Frontier Province and British Baluchistan, now time-expired, are hereby repealed.

The following Bill * was introduced in the Legislative Assembly on the 2nd September 1935.—

L.A. BILL No. 29 OF 1935.

A Bill further to amend the Indian Motor Vehicles Act, 1914, for certain purposes.

WHEREAS it is expedient further to amend the Indian Motor Vehicles Act, 1914, for the purposes hereinafter appearing; It is VIII hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Motor Vehicles (Amendment) Act, 1935.

Amendment of section 11, Act VIII of 1914. 2. In sub-section (2) of section 11 of the Indian Motor Vehicles Act, 1914 (hereinafter referred to as the said Act), VIII

(a) after clause (*dd*) the following clause shall be inserted, namely :—

"(*ddd*) regulating the manner in which, and the duration for which, licences may be endorsed under sub-section (2) of section 19; "; and

(b) after clause (*h*) the following clause shall be inserted, namely :—

"(*hh*) prescribing the procedure to be observed by Courts in permitting offences to be compounded under section 16A; ".

Insertion of new section 16A in Act VIII of 1914. 3. After section 16 of the said Act the following section shall be inserted, namely :—

Composition of offences. "16A. (*1*) Offences punishable under this Act (other than offences under sections 3, 5, 6 and 7 and such offences against rules made under this Act as the Local Government may, by notification in the local official Gazette, have declared to be non-compoundable) shall, with the permission of the Court, be compoundable, either before or after the appearance of the accused, on payment by the accused of such sum, not exceeding the maximum amount of fine with which the offences are made punishable by this Act, as the Court may determine.

* The Governor-General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

(2) The composition of an offence under this section shall have the effect of a conviction of the accused with whom the offence has been compounded."

STATEMENT OF OBJECTS AND REASONS.

In 1932, the Government of the United Provinces appointed a Committee to consider the taxation of road traffic. That Committee recommended *inter alia* that purely technical offences under the Indian Motor Vehicles Act, 1914 (VIII of 1914), or the rules made thereunder should be compoundable at the option of the alleged offender. The Bill seeks to give effect to this recommendation. It is thought that offences under sections 3, 5, 6 and 7 of the Act should not be made compoundable, and as regards offences against the rules made by Local Governments under section 11 of the Act, it is proposed to leave it to them to notify what such offences are to be made non-compoundable. Other offences should be made compoundable, with the permission of the Court, either before or after the appearance of the accused in the Court, for a sum not exceeding the maximum amount of fine for the offence concerned. Such composition should count as a conviction, and the driver's licence will be liable to be endorsed under sub-section (*2*) of section 18. The machinery for composition of offences is left to be governed by rules to be made under the Act.

Some difficulty has been experienced as to the periods for which endorsements on drivers' licences should subsist. It is proposed to leave the matter to be regulated by rules made by Local Governments under section 11 of the Act.

The following Bill was introduced in the Legislative Assembly on the 2nd September 1935 —

L.A. BILL No. 30 OF 1935.

A Bill to amend the Factories Act, 1934, for a certain purpose.

XV of 1934. WHEREAS it is expedient to amend the Factories Act, 1934, for the purpose hereinafter appearing, it is hereby enacted as follows:—

Short title. 1. This Act may be called the Factories (Amendment) Act, 1935.

XV of 1934. Amendment of section 43, Act XXV of 1934. 2. In sub-section (*1*) of section 43 of the Factories Act, 1934, after the word "Chapter" the words ", other than the provisions of clause (*b*) of sub-section (*1*) of section 45 and of the proviso to that sub-section," shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The Factories Act, 1934, prohibits, save in very exceptional circumstances, the employment of women during the night hours; but women managers or supervisors or women employed in confidential capacities may be exempted by rule from this prohibition. The object of the proposed amendment is to remove that power of exemption and to bring the law into line with the International Labour Conventions relating to the employment of women during the night.

The relevant provisions of the Factories Act are given below for the convenience of Members.

SIMLA,
The 12th August 1935. D. G. MITCHELL.

Extracts from the Factories Act, 1934 (XXV of 1934)

Section 13 (1).—The Local Government may make rules defining the persons who hold positions of supervision or management or are employed in a confidential position in a factory, and the provisions of this Chapter shall not apply to any person so defined.

Section 15 (1).—The provisions of this Chapter shall, in their application to women workers in factories, be supplemented by the following further restrictions, namely:—

* * * *

(*b*) no woman shall be allowed to work in a factory except between 6 a.m. and 7 p.m.

Provided that the Local Government may, by notification in the local official Gazette, in respect of any class or classes of factories and for the whole year or any part of it, vary the limits laid down in clause (*b*) to any span of thirteen hours between 5 a.m. and 7-30 p.m.:

Provided further that, in respect of any seasonal factory or class of seasonal factories in a specified area, the Local Government may make rules imposing a further restriction by defining the period or periods of the day within which women may be allowed to work, such that the period or periods so defined shall be within the span fixed by clause (*b*) or under the above proviso and shall not be less than ten hours in the aggregate.

The following Report of the Select Committee on the Bill further to amend the Code of Criminal Procedure, 1898, was presented to the Legislative Assembly on the 4th September 1935:—

We, the undersigned, members of the Select Committee to which the Bill further to amend the Code of Criminal Procedure, 1898, was referred, have considered the Bill and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. We have considered the possibility of modifying the Bill by substituting for the complete elimination of the first proviso to section 406 of the Code of Criminal Procedure, 1898, a provision that either the approval or the recommendation of the High Court should be a condition precedent to action by the Local Government under that proviso. A majority of the Committee are in favour of retaining intact the substance of the Bill.

3. The only change which we have made in the Bill is of a drafting nature and is self-explanatory.

4. The Bill was published in the *Gazette of India*, dated the 16th February 1935.

5. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

STATEMENT OF OBJECTS AND REASONS.

No tax is now levied on tobacco in the Madras Presidency. The Taxation Inquiry Committee in paragraph 193 of their report (Volume I) has observed :—

> "The absence of any internal taxation on tobacco is a feature which distinguishes the fiscal system of India from that of almost every other civilized country in the world. The considerations which have led in other countries to the selection of tobacco as one of the principal subjects for consumption taxation apply with equal force to India. It is a typical instance of a conventional luxury whose use goes down to the poorest classes and it is an article the consumption of which can be varied greatly both in quality and quantity according to the means of the consumer."

It is accordingly proposed to raise some revenue from this source to the financial advantage of the Presidency

The Bill provides that no person shall sell or expose for sale any tobacco except under a licence granted by the Collector. But exception is made in the case of growers and manufacturers, who will be free to sell wholesale tobacco grown or manufactured by them to other growers or manufacturers or licensed vendors. Manufactured tobacco is divided into two classes :—

(i) Class A comprising cigars, cheroots, cigarettes, cigarette tobacco and pipe tobacco, and

(ii) Class B comprising all other kinds of manufactured tobacco.

The Bill provides for the grant of licences for the exclusive privilege of selling by retail in defined areas all forms of tobacco except manufactured tobacco of Class A The monopoly holder may lease or assign the privilege, but neither he nor his lessee or assignee can exercise the right of retail vend, unless and until he has received a licence in that behalf from the Collector. Licences (on payment of fixed fees) will be granted for the retail sale of manufactured tobacco of Class A. The number and the nature of licences will be determined by rules to be framed, after the Bill has become law. A monopoly vendor or his lessee or assignee will, however, not be precluded from selling this class of tobacco; and he will not be required to take out a separate licence for this purpose. The monopoly licence will thus cover the exclusive privilege of selling by retail all tobacco, other than manufactured tobacco of Class A together with the privilege (not exclusive) of selling manufactured tobacco of Class A. Manufactured tobacco of Class A is not brought within the monopoly system for the

reason that it consists mainly of imported tobacco and is consumed by a class of customers, who cannot be served conveniently by the monopoly vendors and their lessees.

It is not intended to restrict the use of tobacco, although a limit of private possession has to be fixed in order to bring home offences to those acting in contravention of the provisions contained in the Bill.

All sums due to the Government under the Bill are made recoverable as arrears of land revenue The officers of the Land Revenue Department will be responsible for the disposal of vends, issue of licences and collection of revenue. The preventive work, investigation of cases and compounding of offences will be entrusted to the officers of the Excise Department, whom it is proposed to notify as Tobacco Officers.

NOTES ON CLAUSES.

Clause 1.—The object of sub-clause (3) is to make it possible to exclude, if necessary, any backward tract, such as the Agency and the Laccadives and Amindivi Islands, from the scope of the Bill.

Clauses 3–6, 16–21, 28, 29, 31 *and* 32.—These clauses which relate to the appointment of officers, arrests, search, seizure, investigation of cases, confiscation, and cognizance of offences and suits have been adopted from the Bombay (District) Tobacco Act, 1933.

Clause 7.—This clause prohibits the sale of tobacco to the public without a licence and, read with clause 12, enables the grant of wholesale or retail licences, subject to such conditions (including the payment of vend fees) and restrictions as may be necessary.

Clause 8.—This clause is necessary for the detection of cases of unlicensed sales. Detection at the time of the actual sale of tobacco will be almost an impossible task, without a considerable increase in the preventive staff. It is, therefore, proposed to prohibit the possession of tobacco, in excess of a quantity to be prescribed, and to make such possession an offence.

Clauses 9 *and* 10.—These clauses empower the Commissioner, with the sanction of the Government to grant a monopoly of selling certain classes of tobacco in specified areas. They follow sections 16 and 22 of the Madras Abkari Act, 1886.

Clause 11.—This clause enables the monopoly vendor or his lessee, if he so desires, to sell, without a separate licence, those classes of tobacco which are not covered by his monopoly vend licence. This is necessary in order to meet the demand of consumers, particularly in villages, of manufactured tobacco such as cigarettes and charoots, which are not covered by the monopoly vend licence.

Clauses 12, 13 *and* 14.—These follow sections 24, 25 and 26 of the Madras Abkari Act, 1886.

Clause 15.—This clause follows section 28 of the Madras Abkari Act. It provides that all sums due to the Government under the Bill shall be recoverable as arrears of land revenue. It also gives power to resell the monopoly at the risk and loss of the defaulter.

Clauses 22 to 27.—These clauses prescribe penalties for offences.

Clause 30.—This follows section 67 of the Madras Abkari Act, 1886.

Clause 33.—This empowers the Government to make rules to implement the Act.

NOTE.—The prices are the averages for each district of the retail prices at the several price-recording stations recorded either at the market on market day or if there is no market, on Friday at the bunder shop in the station. The prices relate to the kind of rice (or of Cholam, Cumbu or Ragi) most commonly consumed, paid by the person who is buying it for consumption.
